Carillon Split-face

Storm Split-face

Le Morne Split-face

Poipu Split-face

The Sierra Collection is a super durable limestone that has been used on 4 of the historical buildings at The University of Arkansas. Memorial Hall, The Agriculture building, Gearhart Hall, White Hall, And the latest addition The Student Success building. THE HISTORIC PRESERVATION ALLIANCE OF ARKANSAS awarded Architectural Stone Company and Stone Crafters and Installers the “Outstanding New Construction in a Historical Setting award”.

This material was also used on Arkansas, Missouri and the Texas State Capital buildings.

This material has proved the test of time and withstands in the harshest of winter weather.
